Histopathology Test Request Form

Institute		Patient's name		Date of birth	(YYYY / MM / DD)	Age/Gender	/
				Department/ Ward	/	Doctor/Phone	/
Institute code		Registration No.		LMP		Pregnancy period	Week(s)
Date requested	(YYYY / MM / DD)			Menopause		Ethnicity	
Date collected	(YYYY / MM / DD)			Infectibility	☐ Y ☐ N (Name of disease:)		

Tissue Pathology Test		Label Barcodes
Insurance code	**Specimen type**	
☐C5601	**Level A Case of suspected inflammatory, infectious, non-neoplastic lesion**	Tissue pathology test barcode
	*Fissure/Fistula, Hemorrhoids *Appendix (including incidental) *Soft tissue - Lipoma, Soft tissue-Abscess *Skin - Abscess/cyst/Tag/Debriment *Nasal/Sinusoidal - Inflammatory polyp, Tonsil/Adenoid *Gallbladder (including incidental)	
☐C5602 ☐C5602 (examination)	**Level B Case of biopsy excluding bone, brain, liver, pancreas, soft tissue, testicle, prostate.**	Tissue pathology Test barcode
	*Gastrointestinal Biopsy - Esophagus, stomach, Duodenum, Colon *Uterus/Endometrium – Curettage/Biopsy/Polypectomy *Uterine cervix - Biopsy *Breast – Mammotome Excision *Paranasal sinus/Nasal Mucosa - Biopsy *Skin/nail – not cyst/tag/debridement/plastic repair, biopsy	
☐C0603 ☐C5604	Level C Paraffin Block: 1-9 Level C Paraffin Block: 10+ 1.Benign tumor excision 2.Gastric and Colorectal Polyps excision 3.Placenta with abnormal fetus, bleeding etc. 4.Non-Neoplastic lesions that need therapeutic decision by examining entire lesions 5.Biopsy on bone, brain, myocardium, soft tissue, pancreas, testicle, prostate	
	Cervix – Dysplasia, Conization Uterus – Non tumor/benign tumor, Hysterectomy/Resection Spontaneous/Missed – Abortion Breast – Excision of Lesion Gallbladder – Benign tumor, Excision Femoral Head Soft Tissue – Mass(Not Lipoma), Biopsy Tissue/organ, unclassified – benign tumor, Resection/Excision	Special stains Barcode
☐C5605 ☐C5606 ☐C5607	Level D Paraffin block: 1-9 Malignant tumor excision Level D Paraffin block; 10+ Level D Paraffin block: 16+	
☐C5600	Decalcification (when going through additional decalcification)	
2. Special stains	※Extra fee for special stain will be charged for accurate result	
☐ Giemsa (H.Pylori) ☐ PAS (Fungus) ☐ D-PAS (Fungus) ☐ AFB(Tubercular bacillus, Bacillus leprae) ☐Masson's Trichrome ☐ Alcian blue (Mucin)
